

SPRING FORWARD FOR AUTISM

Piecing the Puzzle Together...

About Our Grant Program

Grants are designed to provide access to individuals and families in Brevard County, Florida affected by Autism Spectrum Disorders.

Grants will be allocated on a quarterly basis and they will be based on annual fundraising activities. The Board of Directors will determine the amounts of each grant at the beginning of each term. Requests for multi-year grants will be denied. Applicant will need to apply each year for assistance. Grant approval may be expedited for applicants that are in immediate personal danger or harm, as we will try to provide immediate support based upon the need and the funds available within our grant program.
