Historical St. Augustine with a twist

Opening Bid - $1,995

Escape to the luxurious, romantic vacation spot of St. Augustine, where you will find classic hotels, intimate restaurants, and award-winning beer! What sets Saint Augustine apart is its history—it's the oldest European settlement in the U.S. with more than four centuries of history that owes much to the Spanish and English, to Greeks and Native Americans and African Americans.

One day you will get to know St Augustine and experience its attractions where historic sites and modern-day storytelling bring the Old City to life. Step back in time by walking brick-lined streets holding authentic pieces of our past, and visit landmarks such as Castillo de San Marcos, Ponce de Leon's "Fountain of Youth," and the Oldest Wooden Schoolhouse.

Another day, you will visit four breweries while sampling the award-winning beers that make St. Augustine a craft beer destination City! Your brew guide will tell you everything you want to know about the breweries, the brew masters, the local beer scene, home brewing and the beer history!

St. Augustine is a place for history buffs and everyone else. And nowhere else in the world can you taste the waters of the Fountain of Youth.

Your four day trip for two includes:
